

Rice County Plan for Re-Opening

PURPOSE AND INTRODUCTION

This document has been prepared to offer guidance on a safe, stepwise reopening of Rice County. We must continue to take measures to ensure the safety of our most vulnerable residents and continue to ensure our healthcare resources are not overburdened. To do this, the Rice County Health Department, the County Health Officer, and the Rice County Health Department Medical Director have developed four “phases,” each representing a distinct level of guidance to reduce transmission of the COVID-19 virus.

We understand that restarting economic activity is one of our county’s priorities along with keeping our community safe. This is a critical time to be thoughtful and careful about reopening Rice County. We do not want to have to return to a “Stay at Home” order and believe that a safe, stepwise approach will allow Rice County to accomplish this goal.

GUIDING PRINCIPLES TO BE FOLLOWED THROUGH EACH PHASE

- Local restrictions must permit the actions included in each phase.
- To move from one phase to the next, all the following criteria must be met:
 - Local indicators must show decreasing or stable transmission or an increase consistent with the state’s epidemiological rate for at least 14 days before the beginning date of the next phase.
 - Sufficient testing must be available.
 - Sufficient Personal Protective Equipment must be available for healthcare workers.
 - Hospitals must have the capacity to treat an increased number of COVID-19 patients requiring hospitalization.
 - The public health system must be able to promptly identify and isolate infected individuals and identify and quarantine necessary contacts.
- When appropriate, staying home is recommended.
- Work remotely if possible. Remain home if you feel sick.
- Social distancing measures should continue to be followed:
 - Stay 6 feet away from others.
 - Interact only with people of the same household when possible.
- Masks may be worn in public places. In addition, all employees of businesses should wear masks when within 6 feet of a customer or client.
- Practice good hand hygiene by washing hands with soap and water or using hand sanitizer frequently.
- Avoid touching your face, mouth, nose, or eyes.
- Symptoms of COVID-19 include (but are not limited to) fever, cough, shortness of breath, sore throat, headache, chills, aches, fatigue, loss of smell or taste, nausea/vomiting, diarrhea.
- Businesses, organizations, or facilities may have stricter regulations than those listed below but may not have less strict regulations.
- Vulnerable/High risk individuals and senior citizens should stay home as much as possible. They should stay in contact with their health care provider. They should not congregate with others who are not members of their immediate household.
- The reason for keeping a voluntary log of visitors or customers is to aid in contact tracing. Information should include date, name, phone number, and email address.

	NOW—Phase Modified 2	Phase 3—May 29
Mass Gatherings Limitations	15 or fewer individuals except for those who live together	Mass gatherings of no more than 90 individuals allowed
Essential Businesses	<ul style="list-style-type: none"> • Screen workers for fevers and any symptoms of COVID with a questionnaire at workplace entrance • Employees exhibiting symptoms should be required to stay home • Employees strongly encouraged to wear masks at all times unless prohibited by other safety equipment • Move workspaces 6 feet apart • Stagger work shifts and keep work cohorts consistent • Common areas, such as breakrooms and lobbies, should be closed • Telecommuting/Working from home should be maximized 	<ul style="list-style-type: none"> • Employers may begin reducing telework and start bringing employees back to work in an office setting. • Maintain 6 feet of distance between employee workstations. • An employee who feels sick should be required to remain home and call their healthcare provider. • Business travel: engage in nonessential travel but follow KDHE travel and quarantine guidelines for travel to high-risk areas. • Businesses or functions that are already in operation pursuant to the Kansas Essential Functions Framework (KEFF) may continue to function while, if possible, avoiding gatherings of more than 45 individuals where social distancing measures are difficult to maintain.
Bars	<ul style="list-style-type: none"> • In-restaurant dining is allowed and must adhere to social distancing guidelines • Reservations are encouraged • Self-serve beverages are allowed IF a clean, disposable cup is used each time a beverage is poured. • Must maintain at least 6 feet of distance between tables (individuals or groups). Restaurants or dining establishments may meet this requirement by using physical barriers sufficient to prevent virus spread between seated customers or groups of seated customers. • Buffets and salad bars are allowed IF they can be monitored by a restaurant employee. Customers (including self-serve food at convenience stores) will be given a food-grade glove to wear on their serving hand. After serving food onto a plate or container, the glove will be disposed of and a new one used if the customer returns to the food line. 	<ul style="list-style-type: none"> • Seating with social distancing and/or barriers is allowed • Self-serve beverages are allowed IF a clean, disposable cup is used each time a beverage is poured.
Restaurants	<ul style="list-style-type: none"> • Curbside pickup • Seating with social distancing and/or barriers is allowed 	<ul style="list-style-type: none"> • Curbside pickup or dining-in for restaurants. • Seating with social distancing and/or barriers is allowed

		<ul style="list-style-type: none"> • Reservations are encouraged • Buffets and salad bars are allowed IF they can be monitored by a restaurant employee. Retail Businesses	<ul style="list-style-type: none"> • Limit the number of customers in the store at any given time to 5 customers for each 1000 square feet • If the store reaches its capacity, customers should be admitted on a “1-out-1-in” basis • Provide shopping cart sanitation supplies • Maintain social distancing • Consider 1-way flow of movement through store indicated by floor marks • Employees must wear masks at all times • Hand sanitizer should be readily available throughout the premises • Marks should be applied to the floor in the area adjacent to each cash register to indicate where to wait for check out • Plexiglass or glass barriers should be installed at checkout lanes Enhanced cleaning should be done throughout the workday 	<ul style="list-style-type: none"> • Limit the number of customers in the store at any given time to 5 customers for each 1000 square feet • If the store reaches its capacity, customers should be admitted on a “1-out-1-in” basis • Provide shopping cart sanitation supplies • Maintain social distancing • Hand sanitizer should be readily available throughout the premises • Marks should be applied to the floor in the area adjacent to each cash register to indicate where to wait for check out • Plexiglass or glass barriers should be installed at checkout lanes Enhanced cleaning should be done throughout the workday
Long-term care facilities	<ul style="list-style-type: none"> • Maintain social distancing as much as possible • Adjust the layout of common areas including dining facilities to maintain 6 feet between residents • Perform enhanced cleanings daily • Screen workers for fevers and any symptoms of COVID • Staff should wear masks at all times • No outside visitors allowed 	<ul style="list-style-type: none"> • In-person visits to these facilities may be gradually reinstated. • Screening measures for all visitors should be continued. • Those who must interact with residents must adhere to strict protocols regarding hygiene and screening.
Childcare	<ul style="list-style-type: none"> • Childcare facilities must adhere to KDHE guidelines • Outdoor activities are encouraged. • Perform enhanced cleanings daily • Children should be cared for in rooms of 10 or less with the same caregiver each day placed into cohorts so that the same children are in the same room each day. • Screen workers and children for fevers and any symptoms of COVID with a questionnaire at facility entrance • Parents and caregivers should not enter the facility 	<ul style="list-style-type: none"> • Childcare facilities must adhere to KDHE guidelines for daycares • Outdoor activities are encouraged. • Perform enhanced cleanings daily • Children should be cared for in rooms of 15 or less with the same caregiver each day placed into cohorts so that the same children are in the same room each day. • Screen workers and children for fevers and any symptoms of COVID with a questionnaire at facility entrance • Parents and caregivers should not enter the facility

Personal Services (salons, barber shops, pet grooming)	<ul style="list-style-type: none"> • Services may be provided by appointment only • Both service provider and customer must wear masks • The business must keep a record of all customers • Appointments must be spaced so that there is adequate time to clean thoroughly between customers • One customer is allowed per service provider in the business at any given time. • Customers must be screened for fever and symptoms of COVID. 	<ul style="list-style-type: none"> • Services may be provided by appointment only • Both service provider and customer must wear masks • The business should keep a record of all customers • Appointments must be spaced so that there is adequate time to clean thoroughly between customers • One customer is allowed per service provider in the business at any given time.
Religious Services	<ul style="list-style-type: none"> • Religious services should adhere to mass gatherings and social distancing guidelines • Parking lot services should follow established guidelines • Churches are encouraged to use online, radio, or other telecommunications tools whenever possible to conduct services 	<ul style="list-style-type: none"> • Religious services should adhere to mass gatherings and social distancing guidelines • Parking lot services should follow established guidelines • Churches are encouraged to use online, radio, or other telecommunications tools whenever possible to conduct services
Recreation Commission Activities	Organized Sports Facilities, Games, Practice: Non-professional organized sports facilities, games, and practices may operate as long as they follow outlined mass gathering and social distancing guidelines AND follow guidelines established by the Kansas Recreation and Park Association posted on covid.ks.gov.	Organized Sports Facilities, Games, Practice: Non-professional organized sports facilities, games, and practices may operate as long as they follow mass gathering and social distancing guidelines AND follow guidelines established by the Kansas Recreation and Park Association posted on covid.ks.gov.
Parks, Public Spaces, and Playground Equipment	Parks and public spaces are open. Playground equipment may be used, but parents and guardians must be aware that these will not be cleaned/disinfected to keep them safe. Children should use the equipment in family groups. Mass gathering numbers apply.	Parks and public spaces are open. Playground equipment may be used, but parents and guardians must be aware that these will not be cleaned/disinfected to keep them safe.
